In its December 20, 2001 and September 25, 2009 Orders in APSC Docket 25980, this Commission determined that it could best meet its monitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuant to the Order, Knology Total Communications, Inc. (the "Company") has previously provided the Commission with a copy of its most recent annual interstate cost separation study, annual 2010 USF-HCLS, and estimated 2010 USF-LSS filings.

The Company further certifies that it will only use the federal high-cost support it receives during 2010-2011 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended as described in 47 C.F.R. § 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2011. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to James Etheredge at (334) 814-1205.

Respectfully Submitted,

Honorable Walter L. Thomas, Jr., Secretary Alabama Public Service Commission RSA Union Building 100 North Union Street Montgoniery, AL 36104

RE: APSC Certification of Eligibility to Receive High Cost Support Pursuant to 47 C.F.R. §54.314; APSC Docket 25980.

Dear Mr. Thomes:

In conjunction with the Alabama Public Service Commission's (the "Commission") annual certification requirements, please find attached the certification of Roanoke Telephone Company, Inc. marketing under TEC (the "Company") that the Company is eligible to continue to receive federal high cost support for high-cost universal service support. Also enclosed are ten copies of this filing. If any additional information is required, please contact me at (318) 322-0015.

Very truly yours,

Lera Roark Vice President

In its December 20, 2001 and September 25, 2009 Orders in APSC Docket 25980, this Commission determined that it could best meet its manitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuant to the Order, the Company has previously provided the Commission with a copy of its raost recent annual interstate cost separation study, annual 2010 USF-HCLS, and estimated 2010 USF-LSS filings.

The Company further certifies that it will only use the federal high-cost support it receives during 2010-2011 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended as described in 47 C.F.R. § 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October I of this year that the Corapany is eligible to receive federal high-cost support in 2011. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to Lere Roark at (318) 322-0015.

Respectfully Submitted,

ROANOKE TELEPHONE COMPANY, INC.

RE: APSC Certification of Eligibility to Receive High Cost Support Pursuant to 47 C.F.R. §54.314; APSC Docket 25980.

Dear Mr. Thomas:

In conjunction with the Commission's annual certification requirements, please find attached Union Springs Telephone Company, Inc.'s ("Company") certification that it is eligible to commune to receive federal high cost support for high-cost universal service support. The original and ten copies will be delivered to the Commission. If any additional information is required, please contact me Larry C. Grogan at (334) 279-8201.

Very truly yours,

Larry C. Grogan

CFO

In its December 20, 2001 and September 27, 2008 Orders in APSC Docket 25980, this Commission determined that it could best meet its monitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuam to the Order, the Company has previously provided the Commission with a copy of NECA's proposed annual 2010 USF-HCLS and 2010 USF-LSS amounts.

The Company further certifies that it will only use the federal high-cost support it receives during 2010-2011 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended as described in 47 C.F.R. Section 54,101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2010-2011. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to me, Larry C. Grogan at (334) 279-8201.

Respectfully Submitted.
